Here are some testimonies and phone numbers from just some of my happy clients:

"You did an amazing job through the planning and doing the actual reception. We couldn't have imagined it any other way. You made sure our reception was worry free and we are so grateful for that! We will recommend you to anyone or if we ever need a DJ we wouldn't think twice about having you back."

Mark & Emily
(507) 383-9004

"We enjoyed that you weren't part of some DJ company and to meet the person we were going to work with right from the start meant a lot to us. We knew exactly what was going to go on with our wedding reception. We were impressed and so were our guests. You entertained everyone at the reception and we heard all the right music. The party was great! It's a moment we will cherish forever."

"I heard nothing but great comments about your work. Both Greg and I were very happy! Your preparation for the reception was great, and very thorough, learning everything you could about each of us. That made things special. And I love how the introductions worked out! I most certainly would recommend you to others. Thank you again for everything, we had an awesome night!"

"Your service was fabulous, and we were especially appreciative of your great work on such short notice. I really liked how you were able to continually move things along and you were very flexible with us. We would definitely recommend your service to anyone interested in having a great time at their upcoming event. You were very professional and dedicated to making our event a memorable one!"
